"bullet hole" p48

February 7, 1984

Dear Harold,

Here are the FBI items you asked me about on Friday. (Numbers on lower right corner are mine.) Let me know if you need anything else along this line.

Incidentally, if you happen to have an extra of Wrone's syllabus, I'd like to get one at some point for the academic efforts. He's said two or three times that he would send one, but no result.

Thanks again for your time on Friday.

Sincerely,

Gary Shaw
